Notice of Endorsement of TCFD Recommendations and Membership of the TCFD Consortium

OUTSOURCING Inc. (Headquarters: Tokyo, Japan; Representative Executive Officer, Chairman and CEO: Haruhiko Doi; hereinafter, “the Company”) has expressed its support for the recommendations of the Task Force on Climate-related Financial Disclosure (hereinafter, “the TCFD”) and has joined the TCFD Consortium, a forum for discussion among supporting companies and financial institutions.

As one of the group's materiality (priority issues) is "Making Greater Efforts Toward the Realization of a Carbon-Free Society," the Company will actively disclose information in line with the TCFD recommendations, with the aim of making further contribution to a sustainable society and achieving the sustainable growth for its group.

**■TCFD (Task Force on Climate-related Financial Disclosures)**

The TCFD is a task force established in 2015 by the Financial Stability Board (FSB) and is an international organization that seeks to stabilize the financial system, in response to a request from the G20 Finance Ministers and Central Bank Governors' Meeting on climate-related information disclosure. The TCFD recommends that companies disclose information on “Governance”, “Strategy”, “Risk Management” and “Metrics and Targets” related to climate change-related risks and opportunities.

■TCFD Consortium

The TCFD Consortium was established in 2019 as a forum for companies and financial institutions that support the TCFD recommendations to work together to promote initiatives and discuss effective information disclosure by companies and initiatives to link disclosed information to appropriate investment decisions by financial institutions.
